CREATING A NATIONALIST SPEECH AFTER WORLD WAR I

You have been inspired by recent global events to rally your people to the cause of self-determination! As an aspiring nationalist leader, you understand the importance of speech-writing and the need to arouse a deep sense of nationalist emotion and pride amongst the people.

First, choose one of these groups of people to write a nationalist speech for:

- Arabs (in Middle East)
- Turks (in Middle East)
  - Zionists
- Sub-Saharan Africans
- Indians who support unity (in South Asia)
  - Muslim Indians (in South Asia)

In your speech, you should address the following questions/topics based upon the historical background your ethnic group faced in reality:

1. Who are you as a people?
2. Who do you oppose and why?
3. What are your nationalist goals?
4. How do you propose to meet your goals?
5. End with a powerful nationalist slogan.
