

Complete the following information:

Student name: _____ Last school attended: _____
 Age: _____ Date of birth: _____ Number of high school credits _____
 EC: No _____ Yes _____ Category: _____

Indicate preference of school to conduct Differentiated Diploma:

<input type="checkbox"/>	Home School
<input type="checkbox"/>	Pressly

Completion of Differentiated Diploma: The differentiated diploma program is a highly structured and limited opportunity for a select number of students whose circumstances prevent graduation from high school. Students must complete 21 required and elective credits in order to receive a North Carolina high school diploma. The program is coordinated through Pressly School.

Referrals are submitted by the school principal and reviewed by a committee of school system staff. Only students who demonstrate a high degree of **Motivation**, **Cooperation**, and are **Self Directed** will be accepted into the program.

The student application packet must be completed in order for the referral to be considered. The review committee will give strong consideration to each student's **Commitment Agreement** in determining which students will be accepted. All applications must be signed by a parent/guardian.

Guidelines:

1. Students must be a junior in HS (16 credits) before admission to the program.
2. A SSP/plan should accompany every student admitted to the program.
3. Students will agree to comply with the rules and guidelines of Pressly School.
4. Students admitted will attend the school setting deemed the most appropriate by the review committee to encourage completion of the diploma requirements. Possible settings include but are not limited to: Student's home school, Pressly, and Monticello School.
- 5. The Principal of Pressly School, Monticello School, or the student's home school will have the authority to dismiss any students from the diploma program who are disruptive, uncooperative, or not making progress toward graduation.**
6. Only students displaying a **Significant Hardship** that will impede their ability to graduate from high school in the traditional fashion or who are strongly considering dropping out of school will be admitted.

****I understand that submitting this application does not guarantee that I will be accepted to the program. I agree that, if accepted, I will comply with the guidelines outlined above as well as any and all expectations established at Pressly School.**
