

**Eligible courses: Credit by Demonstrated Mastery (CDM)**

CDM promotes personalized learning and removes the requirement for seat time for student learning and earning credit for courses so that a student may take a more advanced course in the same subject area or provide time in the class schedule to explore a new topic. It allows subject-level acceleration without requiring full grade-level acceleration – source: N.C. Credit by Demonstrated Mastery Guide (v.s)

Course	Required Prerequisite	Alternate Course to increase rigor	Rationale/Considerations
<b>English</b>			
English I	None	None	This course is a graduation requirement and may not be replaced by another course.
English II	English I	None	This course is a graduation requirement and may not be replaced by another course.
English III	English II	AP Language and Composition	This course is a graduation requirement, but a student may take the Advanced Placement course to engage in a deeper more rigorous study of the content.
English IV	English III	AP Literature and Composition	This course is a graduation requirement, but a student may take the Advanced Placement course to engage in a deeper more rigorous study of the content.
<b>Social Studies</b>			
World History	None	AP World History	This course is a graduation requirement, but a student may take the Advanced Placement course to engage in a deeper more rigorous study of the content.
American History I and II	None	Adv. US History	This course is a graduation requirement, but a student may take the Advanced Placement course to engage in a deeper more rigorous study of the content.
Civics & Economics	None	None	This course is a graduation requirement and may not be replaced by another course. For students who earn CDM, Advanced Placement US Government & Politics would provide an opportunity for deeper more rigorous study of the content.
Psychology	None	None	
African American Studies	None	None	
<b>Science</b>			
Physical Science	None		Physics and/or Chemistry will fulfill the physical science graduation requirement

Biology	None	AP Biology	This course is a graduation requirement and may not be replaced by another course.
Earth Science	None	AP Environmental Science	This course is a graduation requirement and may not be replaced by another course.
Math			
Math I	None	None	This course is a graduation requirement and may not be replaced by another course
Math II	Math I	None	This course is a graduation requirement and may not be replaced by another course
Math III	Math II	None	This course is a graduation requirement and may not be replaced by another course
<b>World Language</b>			
French I	None	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
French II	French I	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
Latin I	None	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
Latin II	Latin I	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
Spanish I	None	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
Spanish II	Spanish I	None	If a student receives CDM for any of the World Language courses listed, it is recommended that the student continue to the next level of the CDM language or continue language study in another language.
Art Education			
Vocal Music Beginning	None	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of vocal music.
Vocal Music Intermediate	None	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of vocal music.
Beginning Band (Band I)	Middle School Band	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of instrumental music.
Band Intermediate	Band I	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of instrumental music.

Dance Beginning (Dance I)	None	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of dance.
Dance Intermediate	Dance I	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of dance.
Art Beginning (Art 1)	None	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of art.
Art II Intermediate	Art I	None	If a student receives CDM for this course, it is recommended that the student continue to the next level of art.
<b>CTE</b>			
Career Management	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agriscience Applications (Intro to Agriculture)	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agricultural Production I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agricultural Production II	Agricultural Production I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Animal Science I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Animal Science II	Animal Science I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Animal Science II – Small Animal	Animal Science I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Equine Science I		None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.

Equine Science II	Equine Science I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agricultural Mechanics I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agricultural Mechanics II	Agricultural Mechanics I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Agricultural Mechanics II—Small Engines	Agricultural Mechanics I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Horticulture I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Horticulture II	Horticulture I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Horticulture II—Landscape Construction	Horticulture I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Horticulture II—Turf Grass	Horticulture I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Microsoft ITA: Word and PowerPoint	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Microsoft ITA: Excel and Access	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.

Multimedia and Web Design	Microsoft ITA: Word and PowerPoint	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Principles of Business & Finance	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Personal Finance	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Business Law	Principles of Business & Finance	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Business Management	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Entrepreneurship I	Principles of Business & Finance or Personal Finance or Marketing	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Marketing	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Marketing Management	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Sports and Entertainment Marketing I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.

Sports and Entertainment Marketing II	Sports and Entertainment Marketing I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Health Science I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Health Science II	Health Science I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Teen Living	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Apparel & Textile Production I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Apparel & Textile Production II	Apparel & Textile Production I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Foods I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Foods II – Enterprise	Foods I		If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Interior Design I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Fashion Merchandising	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Parenting and Child Development	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.

Core and Sustainable Construction		None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Masonry I	Core and Sustainable Construction	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Masonry II	Masonry I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Masonry III	Masonry II	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Drafting I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Scientific and Technical Visualization I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Scientific and Technical Visualization II	Scientific and Technical Visualization I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Principles of Technology I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Principles of Technology II	Principles of Technology I	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Digital Media I	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
Advanced Digital Media	Digital Media I		

Intro to Public Safety	None	None	If a student receives CDM credit for this course, it is recommended that the student take the next level course in the Career Cluster.
ProStart I	None		
Biomedical Technology I	None
